## SV-LG Newspaper Wins Two State Advertising Awards

Two statewide awards were won by the Lemon Grove Review and the Spring Valley Bulletin in statewide advertising competition sponsored last week by the California Newspaper Advertising Executives Association.

Jim Hegarty, advertising manager for both newspapers, accepted the awards at a dinner at the Catamaran hotel at Mission Beach.

The newspapers took first place for a community-wide promotional section which was devised and put together by Hegarty. The section, which ran in July, 1960, brought a small circus group to the community around which a community retail sales evert was built. The event, highly successful, was called "Circus of Values Event."

The newspapers took a Merit Award in the Retail Food Advertising category with a series of ads for Lemon Grove's Don Diego markets. Hegarty produces all layouts for the market.

Story, Brooks and Finley, Inc., west coast newspaper advertising representatives, sponsored the plaque won by Hegarty. CNEA sponsored the merit award.

Six awards were won by the S.D. Union and Tribune.

## Fire Captain: 'Area Like A Tinderbox'

We have a bad season facing us, Capt. Harry Alexander of the Lemon Grove Fire Department, said Tuesday. "This area is like a tinderbox," he said. "We have an extraordinarily dry season ahead."

He strongly urged people wanting to do their own burning to drop by for a permit. "But all a permit means," Capt. Alexander said, "is that the person who has one is aware of burning regulations. That person still has to control the fire he starts."

He added that another worry is that now school is out the kids are going into the canyons where fires can be started very easily.

**WORST FIRE**

The worst fire of the week occurred at the home of James Peters, 2047 Imperial, early on June 26. The fire department got the call at 4:03 a.m. and confined the fire to interior damage.

The Peters 13-year-old daughter is reported to have awakened first and got the family out of danger. Believed caused by a short-circuit, the fire burnt draperies and a couch.

Capt. Alexander said that the neighbor who reported the fire said she heard children crying they wanted out. However, they had reached safety when the firemen arrived.

On June 21 firemen were called to a Washington street address. It was a small grass fire, an "illegal burn," and the woman, after being told to extinguish the blaze, was instructed to get a permit.

On June 26 a grass fire burned a small area at Sweetwater road and Broadway but did no damage. It was believed started from a discarded cigarette.

## LG Engineer Dies On Way To His Doctor

A prominent Lemon Grove man died in his car about 11:30 a.m. on June 26 in front of the medical center here just before an appointment with his doctor.

Paul R. Litner, 54, an engineer at the Astronautics Division of General Dynamics, had lived here 15 years at 1619 Svea Ct. prior to his death. He had recently been under the doctor's care.

He is survived by his wife, Marion, two sons, George and Bruce, all of the local address, and a sister, Mrs. Marcella Thompson of Detroit, Mich. Litner was a native of Ill.

Rosary was June 28 at 7:45 p.m. in St. John of the Cross Church and High Requiem Mass was there this morning at 9:30 a.m. The Conrad Lemon Grove Mortuary is in charge of local arrangements.

## Parking Cut For Medigroup Nixed

SAN DIEGO (CNS)—A request by the Lemon Grove Medical Group for 39 off-street parking spaces at its enlarged quarters, instead of the 52 spaces required in the zoning ordinance, was denied Friday by the County Planning Commission.

The commission's action took three votes before it decided.

The variance was asked for an area on the south side of Daytona street, between Olive and Main, adjoining the group's existing facilities.

The commission was told a similar request was made in 1960, when the commission denied it. The matter was appealed to the Board of Supervisors, which in part over-ruled the commission, it was stated, and the matter was back before the commission because of the intervening enactment of the off-street parking ordinance.

Commissioner Chairman Gilbert Ray spoke in favor of cutting the parking space requirements. He said a lease on space across the street, in the railroad right of way, provided more than ample parking area.

"It's almost impossible to find a place to park at medical centers," objected Commissioner Warren K. Hooper.

Ray and Commissioners C. J. Martin and David K. Speer voted "aye," on the motion. Hooper and Commissioners F. O. Culy, Stuart Green, David Walker and Jean L. Vincenz voted against it.

## S.D. Buys School Sites Near LG

The acquisition of three new school sites near Lemon Grove, by the San Diego Unified school district was announced today by Harold Culver, director of planning and construction for the schools.

The district bought the three sites—for a new junior high school, and for two elementary schools in the Paradise Hills area for a total of $376,000, according to Culver.

The land—about 80 acres in all, was bought from the Helix Land Company, Inc.

"We were glad to sell this property to the city schools for $4,200 per acre, which is less than the recent appraisal of the land made by the General Appraisal Co. of Seattle, which means that it was a good investment for the schools," said Dr. T. G. Lambron, Helix Land Co. president.

The junior high school probably will be built in about 196 or 1965, Culver said. The tw elementary schools will be buil when the development merit it, he added.

## L.G. Man To Attend Kiwanis Convention In Ontario

Robert E. Sutton, president of the Lemon Grove Kiwanis club, and his wife, will attend the 46th annual convention of Kiwanis International in Ontario July 2-6. He will join some 17,000 other Kiwanians, their wives and families, in what promises to be the largest convention in the organization's history—and the first in Canada since World War II. Convention sessions will be held in the city's famed Maple Leaf Gardens.

Work to be accomplished at the convention will include election of officers for 1961-62—a president, a president-elect, a treasurer, and six trustees—recognition of top clubs throughout the United States and Canada for contributions to their individual communities and the adoption of resolution upon which the organization' 1961-62 community service program will be based. J. O. Tally Jr., young Fayetteville, North Carolina attorney, and president of Kiwanis International, will preside.

Principal speakers on the program, in addition to Tally include the Right Honourable John G. Diefenbaker, Q.C., P.C. Prime Minister of Canada; the Honorable Brooks Hays, assistant secretary, U. S. Department of State; Mr. Charles B. Shuman, president of the American Farm Bureau Federation; and Lieutenant General Roscoe C. Wilson, USAF, deputy chief of staff for development.

## *The DIMMER VIEW*

by MAX GOODWIN

### Iron Curtain Over Washington

**The Dimmer View will be devoted this week to Congressman James Utt's Washington Report. This is a departure from the policy of this publication but the material is so timely, and affects each of us so singularly, that this editor feels that the Report should have the widest possible dissemination.**

**By Congressman James B. Utt**

The Administration's censorship of news to which the American people are entitled is becoming oppressive to newsmen and frightening to those of us who see the trend toward the elimination of free speech and the coming twilight of the freedom of the press. The first five months of the Administration so closely parallels the first five months of the Third Reich under Chancellor Adolf Hitler.

Three days after Hitler became Chancellor, his Propaganda Minister, Dr. Goebbels, wrote in his diary, "Now it will be easy to carry on the fight, for we can call on all of the resources of the State. Radio and press are at our disposal. We shall stage a masterpiece of propaganda."

Every morning the editors of the Berlin daily newspapers, and the correspondents of those published elsewhere in Germany, gathered at the office of the Propaganda Minister to be TOLD by Dr. Goebbels what news to print and what news to suppress, how to write the news and headline it, what campaigns to call off or institute, and what editorials were desired for that day. It is impossible for those of us who have not lived under a totalitarian government (as yet) to conceive how difficult it is to escape the dread consequences of calculated and incessant propaganda.

When JFK was a candidate he said, "I want to be a President who has the confidence of the people—and who takes the people into his confidence—who lets them know what he is doing and where we are going." Since becoming President, he has inaugurated a strict censorship that keeps the public from knowing what he is doing and where we are going. He has instituted an incessant and massive self-serving propaganda program. An Inter-Departmental Memo was issued requiring that all statements and all releases made by the various Departments and agencies should include "liberal quotations from the President" to show his deep compassion for the people.

**ASKS NEWS HOLDUP**

The first evidence of censorship was the rebuke of Admiral Arleigh Burke, Chief of Naval Operations, for saying that JFK's task force had determined there was no missile gap. The White House denied he had made the statement, although it was made in public and easily verified. This was followed by the demand that the news services should withhold from the public the news that the two American fliers shot down by Russia in the Bering Sea had been released and were in the hands of our Ambassador Thompson in Moscow. The news services had this information EIGHTEEN HOURS before the President's first televised news conference, and he wanted to personally release this sensational information. Surely this did not show compassion for the wives and families of these two fliers nor for the American public. Even yet, the White House has refused to permit these two fliers to tell the whole story of the shooting down of the aircraft, their rescue and imprisonment by Russia.

## Odds Go Against 'Tip Sheet' Men

**SAN DIEGO (CNS) — A new county effort to prevent the sale of "tip sheets" on highways leading toward Del Mar race track was launched Tuesday by the Board of Supervisors.**

**The Board approved an ordinance requested by the California Highway Patrol, designed to make it illegal to stop cars or delay traffic for the sale of these "tip sheets."**

**A previous attempt to do the same thing was found illegal, when the sellers of race track information filed a counter-suit against the CHP.**

**The state attorney general's office representing CHP lost in Superior Court, and Bertram McLees Jr., assistant county counsel, Tuesday told Supervisors his office and CHP have been working on an enforceable ordinance for more than a year.**

**The new ordinance states that the regulation of the "tip sheet" salesman is required for the protection of drivers and the speedy flow of traffic. McLees said it is hoped this will make the new law enforceable.**

**The Del Mar racing season opens the day before the ordinance is to be effective.**

## New Financing Plan Goes Sour On SV Youths

**Two Spring Valley teenagers who returned to the scene of their theft to do business with the man from whom they stole money were arrested June 22 by deputy sheriff Warren Larsen.**

**The boys told this story: Needing money to buy a car, they entered the home of John A. Dall, 8897 Bowling Green, La Mesa, and took $271.**

**Later they returned to Dall's home and offered him $260 for his car. He sold it but later deputies apprehended the boys.**

**Now Dall has his car, his money and his pink slip back. The boys have been released to parental custody.**

## Board Convenes July 5 To Make Decision On Budget

### HOSPITAL MAY ASK FOR FRACTION OF WHAT IT COULD GET

If every agency that gets a share of taxes were like the Grossmont Hospital District, taxpayers would be paying much less. The budget committee at the hospital has recommended a drastic slash in the district's tax. The board of directors there will make a final decision on the recommendation on July 5.

The slash will be from 14¢, which was last year's tax share on each $100 of assessed property value, to only about 1½c, according to Claude Dooley Jr., Grossmont Hospital controller. "This doesn't mean any great saving dollar-wise," Dooley said, "but percentagewise, it means a lot. If very many agencies that use tax money were to do the same, taxes would go way down."

Just what does the proposed cut mean moneywise? Dooley said that last year if someone in the Grossmont Hospital District paid $350 in overall property taxes (this would be the amount on $5,000 assessed value), the hospital's share was about $6.

But with the proposed cut, Dooley said, the same person would pay only 60c next time or one-tenth as much.

Whether or not the hospital district's tax will be that low hinges on whether the board of directors gets behind the budget committee's proposal to raise daily room rents at the hospital by $2, Dooley said. "Even with that raise, our hospital still will be the cheapest accredited hospital in the area," he added.

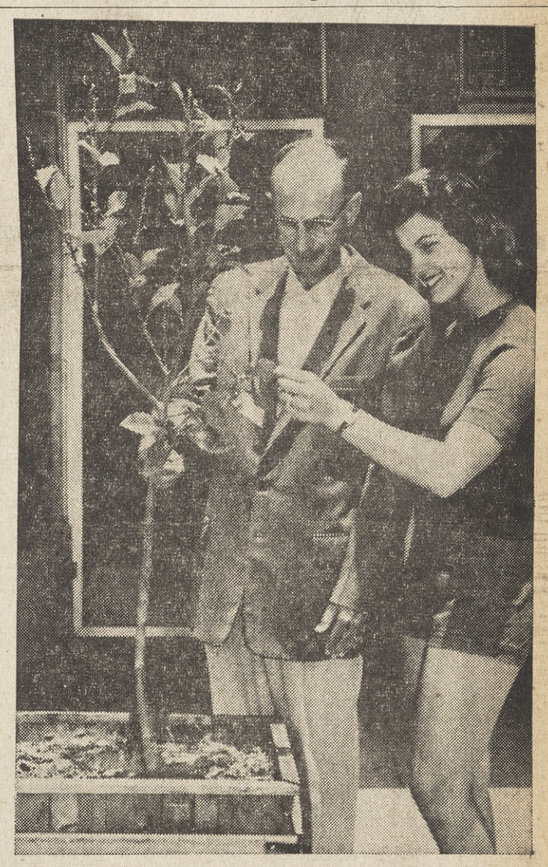

**UNWANTED ALTERNATIVE**

Another alternative made by the budget committee would be to make those in this hospital district ineligible for the $2 daily room discount they now get. The hospital wouldn't like to see this happen, Dooley said. We feel that people in this area should continue getting that discount.

The significant thing about Grossmont Hospital District's likely reduction in its tax demand is that by law it can take 20c on each $100 of assessed value year after year, Dooley said.

When asked just why the Hospital District is not taking the slice of tax money the law permits it to take, Dooley said that the board of directors when first formed decided it would "constantly" attempt to reduce the tax rate."

The money it will ask for this year, if the budget plan is approved, will be only for paying off bond indebtedness.

ROSITA WITH HER VITAMINIZED TREE — The prettiest tree in town, as almost any Grove citizen who has waked down Broadway can tell you, is the one in front of the Health-Ful Food Store, 7894 Broadway. Shown with the prettiest tree is the prettiest girl, Rosita Samoyoa, Miss Lemon Grove of 1961 and Ed Gustafson, proprietor of the store.
Ed, who runs the store with his wife, Marge, slipped the tree some extra high potency multi-vitamin tablets about 30 days ago. By three weeks later, the tree had become the prettiest one in town. It was multi-budded, and, according to late word from Ed, it is now multi-blossomed. This is the case of no other lemon tree in town as far as anyone knows.
Ed and this newspaper have dedicated the tree to Miss Lemon Grove. Henceforth it is to be known as the Rosita Samoyoa Tree, and a plaque to that effect wil soon appear at the tree. The lemon trees troughout town were set out as a project of the Lemon Grove Merchants Association. Staff photo.

## TAX BOOST BELIEVED NEEDED TO COVER COUNTY NEW BUDGET

SAN DIEGO (CNS)—An ordinance fixing the 1961-62 county budget at $86,483,938 was approved Tuesday by the County Board of Supervisors. The previous year's budget was $78,299,877.

An estimate filed with the ordinance shows that $35,627,983 will have to be raised by taxes on secured property. This compares with $27,601,648 for the current year.

The tax rate that raised the required funds for this year is $2.07 per $100 of assessed valuation. As assessed valuations have ceased their rapid increase, it is now believed that a boost in the $2.07 rate is inevitable.

Revenues from other sources, including state and federal contributions toward the higher welfare payments, are expected to total $42,053,606, compared with the present year's $41,459,805, and the surplus is estimated at $5,174,150, against $5,256,836.

The estimate for revenues from unsecured property is $3,629,200, compared with $3,544,690.

A final figure on the revenues from all sources except local property taxes will not be available until late summer, after which the tax rate will be set to make up the difference.

# 1-2-3-4-5-6-7-8 Sets Of Twins At SV Bible School

ALL IN ONE PLACE—The Spring Valley Baptist Church on Bancroft street might well hold the world's record regarding the number of twins attending any one church. Going to Bible school there last week were eight sets of twins ranging in age from eight to 12.

On June 22, the day the above picture was taken, Rev. Lewis E. Ginn, pastor, was hosting two television stations as well as newspaper representatives, and the twins were becoming more celebrated each time a camera whirred or clicked. To make it an even more impressive "Twins' Day," Rev. Ginn asked his mother and her sister, who are 73-year-old twins, to come and pose with the children.

In the picture are (l to r front row) Sherwin and Shirley Boettiger, Gary and Larry Day, Kris and Randy Ferguson, Danny and Donna Parker and Velda and Virginia Tolbert. (l to r back row) Ricky and Ronnie Holderby, Tony and Alice Kienzle, Joan and Donna Scott, and Mrs. Bitha Ginn and Mrs. Litha Clayton. Mrs. Pat Colton and Mrs. George Freels are teaching the Bible class of which the younger twins are members. Staff photo

## Finnish Women Visiting Grove Comment On The Immensity Of Things In Nation

Two Finnish women visiting cousins in the Lemon Grove area are deeply impressed by the "immensity of things" in this country, reports Mrs. Frank Felton, 2018 Skyline Dr., Lemon Grove, one of the cousins.

They were especially impressed by the number of cars on the freeways and by the fact that almost nobody seems to be walking anywhere, Mrs. Felton said.

The visitors are Miss Laila Kuitillo, a librarian, and Mrs. Hilkka Hokko, a schoolteacher. They both live in a city near Helsinki, which is in Southeast Finland, and Miss Kuitillo is here under a grant from the Library Assn. of Finland to make a study of U. S. libraries.

**WILL BORROW IDEA**

In commenting on activities in their respective fields here, the first said she found book displays in our libraries to be excellent. She wants to take the idea back with her. The schoolteacher said that curricula in our schools are very similar to theirs. But Finland's trend in school building construction is still toward greater height and doesn't follow that toward one-story structures as seen especially in this part of the U. S., she said.

The two visitors are seeing friends and relatives on the West Coast during a six-week stay. Their other cousin is Mrs. Odus Dunford of 3991 Charles St. in Vista La Mesa.

# Michael's To Reopen Here July 10

The opening of Michael's House of Steaks has been set for July 10, it was announced this week by William Goldy, restaurant owner.

It opens at the same location as it had when William Goldy's brother Henry operated it a couple of years ago at 7828 Broadway in Lemon Grove. Henry Goldy will manage the restaurant. He now operates El Morocco but will no longer be associated there after this week.

While the opening is set for July 10, the grand opening is scheduled for July 18. Service clubs that will change from Morocco to Michael's will be accommodated starting Monday. The Rotary will meet at Michael's Monday at noon. Kiwanis meets Wednesday noon and Lions club meets Thursday night.

William Goldy said the restaurant which has been completely remodeled would be a steak house in the strictest sense. Waitresses will show a platter with five choices on it. The diner's choice is then broiled to his order.

Choices are filet minon, NY cut, top sirloin, chopped sirloin, and beef kabob. All items are the same: $3.75 for the dinner. A varied menu will be offered for luncheon and meetings, however.

# L.G. Girls Aid Lakeside Carnival

Judy Platt, recently of Lemon Grove, will be the guest of honor at a carnival called "Meet Me At The Fair" sponsored by the Lakeside Chamber of Commerce. The Fair will be held on the Tumbleweed Riding Ring on Willow road near Barona road in Lakeside and will take place June 30 from 6:30 p.m. to 10:30 p.m.

A Tahitian War Dance by Katie Perry of Lemon Grove will be the feature attraction of an hour long, star-filled program. The purpose of the fair is to raise funds for the Lakeside War Memorial Building. The Queen campaign at a penny a vote is an annual event and a major part of the Lakeside Days of '49. The fair will feature a midway with games and prizes, dancing to the music of the Strollers, along with a horse racing event.

# Letters TO THE EDITOR

Dear Editor:

A special thanks goes to people of all churches and clubs and PTA groups and many private persons, including chairman Mary Skinner, who made a success of our first Charity Ball held recently at Mt. Miguel. About $150 was cleared. The above mentioned took care of decorations, food, music, soft drinks, ticket selling, door prizes, posters and a hall in which to hold the dance.

Sincerely,
Spring Valley Welfare

Dear Editor:

Carmen Ranch Swim Association wishes to thank you for the splendid publicity for its June 5 Fashion Show. The publicity, I am sure, is what made the show so successful.

Thank you again.
Mrs. Alf. Holmberg
Ways-and-Means Chairman
Carman Ranch Swim Assn.

Dear Editor,

My heartfelt thanks to your splendid paper for making possible a successful year for Golden Avenue PTA. As publicity chairman, I am happy to report our publicity book was awarded a gold ribbon, and without your willing help this would not have been possible.

May I commend you as well for your award winning hometown newspaper. We in Lemon Grove are fortunate and proud to have such a fine, up-to-the-minute weekly periodical.

Gratefully,
Mrs. A. J. Long

## Bike Pilots Urged To Use Caution

Bike pilots in the Spring Valley - Lemon Grove area have been urged to do their most cautious riding on the long July Fourth weekend when both cyclists and motorists will be out in force to herald the opening of the summer holiday season.

In its annual Independence Day warning to cycling enthusiasts, the Bicycle Institute of America has urged the riders to avoid primary traffic arteries during the summer's first holiday. It pointed out that cyclists will enjoy using secondary roads with their relatively light traffic leads rather than battle the congestion choking primary traffic arteries during the four-day weekend.

# The DIMMER VIEW

(Continued)

Millan, Pierre Salinger set up a press briefing from which some of the White House correspondents were excluded, and when these correspondents complained about it, Salinger simply said that there had been no briefing. This was not the truth, and does not inspire confidence. The Copley Press which owns, among others, the San Diego Union, and has not been too complimentary about the activities of the New Frontier, has been unable to get its correspondents on trips with the Seventh Fleet in the Pacific.

**NEWS DISCRIMINATION**

Again, when the President went to Palm Beach, Salinger assured the news corps that there would be no news break on that trip, but the biggest news break of the year was given at Palm Beach to some of the favored White House correspondents. That was the announcement of the forthcoming summit meeting with Khrushchev.

The President did not want the public to know that he was an avid golf player, and will not permit newsmen to photograph him with golf clubs nor on the golf course.

The worst censorship is on Pentagon news. No correspondent wants or is seeking to give information to the public on anything involving security, but all sources of information from the Pentagon have been closed. Even the Army-Navy-Air Force Register and Defense Times, a private publication, has been denied information to the point that their issue of June 7, 1961 used a black cover to their magazine and entitled that issue, "PENTAGON NEWS BLACKOUT." Without the prying eyes of the press, skeletons can be buried, blunders will pass unnoted, waste will go undetected, and general confusion will flourish. Correspondents can and should keep the searchlight of truth constantly turned upon the spenders of 50% of our 84 billion annual budget.

The President even went so far as to demand that a certain commentator, not favorable to the Administration, should be removed from the broadcasting staff if that agency expected to get news breaks from the White House. He indicated that the favored correspondents should be on a first-name basis with him.

**WHERE ARE WE GOING?**

Apparently our foreign relations dealing with Castro have been taken out of the State Department and placed in the hands of private citizens. Upon their return from Havana after the blackmailer, Castro, had upped his price from $15 million to $28 million, the committee refused to be interviewed and wished only to report to their superiors, Mrs. Roosevelt, Mr. Reuther, and Dr. Milton Eisenhower. Again, I ask, "WHERE ARE WE GOING?"

It is regrettable that President Kennedy has a back ailment, and I sincerely wish him rapid recovery. But the public is entitled to know how he is faring. Hagerty used to issue hourly bulletins on Eisenhower's health. Pierre Salinger will not even talk to the newsmen about it. Last week when the President presented the Robert J. Collier Trophy to Vice Admiral William F. Raborn Jr., who directed development of the Polaris missile, he was moving about on crutches and all newsmen were barred. He made a duplicate presentation sitting at his desk with the crutches hidden, so that the public would be misled. Such things do not inspire confidence and certainly do not carry out the President's promise to let us know where he is, what he is doing, and where we are going.

SCIENCE STUDENTS MARRY — Richard Murrill of San Gabriel, poses after toast with his beautiful bride, Donna Rundell of La Mesa. Both received degrees from the University of California this year — she in microbiology and he in zoology. He plans to become a dentist.

## Donna Rundell Marries College Classmate Here

Miss Donna Jeanne Rundell, daughter of Mr. and Mrs. Robert Rundell, 8533 Gateside Rd., La Mesa, became the bride of Richard Earnest Murrill of South San Gabriel last week. The wedding was held at First Methodist Church, La Mesa.

Rev. Kenneth Miller performed the double-ring ceremony and Chester Moore, a friend of the bridegroom from Newman, Calif. was the vocalist. Mr. Moore was accompanied by Mrs. Louella Cole, the church organist.

The bride was dressed in a white chiffon and taffeta gown, princess style, with a Court train. The gown was finished with a beteau neckline and was trimmed with Venetian lace. Her bride's bouquet was a combination of gardenias and orchids.

Her father accompanied the bride in the wedding procession and gave her in marriage.

**BRIDAL ATTENDANTS**

Donna's bridal attendants wore embroidered white dresses with lilac cummerbunds, headbands and shoes to match. They also carried lilac and purple flowers.

Pat Kennet of Lafayette, Calif., was maid of honor. The bridesmaids were Pat Boyle of Spring Valley and Sue Elliot of Mill Valley. The twin daughters of Mr. and Mrs. Melvin Grant, La Mesa, Pamela and Debbie Grant, carrying baskets of multi-colored flowers and dressed in floor-length lilac dresses, were the flower girls.

Leonard Martin from North Sacramento was best man.

Ushers were Calvin Ogden, Roseville; James Hill, Placerville, Daniel Pearson, Lancaster, and William Haley, Concord.

The bridegroom's mother, Mrs. Lillian Murrill, wore rose, and both mothers wore white orchids.

Richard got a degree in zoology from the same school this year and is to become a dental in San Francisco. Both are employed on the Davis campus this summer. They are at home at 117 C St., Apt. **IRIS**

It is nearing the time when you can plant iris, as well as divide and re-set old clumps. And since previous preparation of the soil is particularly important with regard to iris, a helpful suggestion may be welcome.

Because I know that many iris troubles are caused by soil conditions, I urge you to use from two and one-half to three pounds of soil sulphur to each 100 square feet (a space 10-ft. x 10-ft.) and impregnate it into the soil in which you are going to plant your iris. This will flocculate the soil to a great degree, purify it, and also prevent souring in the soil. . . .a condition often responsible for disease. Frequently when a collapse is established on an iris plant, we refer to it as a disease called blight or scorch but actually this could often be prevented by proper preparation of the soil in advance.

**PLANTING DIRECTIONS**

Iris should never be planted very deep. Just deep enough to hold themselves firmly in the ground.

FURRY WHITE CANINE BUNDLES—Mrs. L. O. Fournier of Spring Valley poses with dogs whose ancestors were the court pets of Sixteenth Century French kings. She said after that period the "Bichon Trifes" multiplied, soon were a common sight on French streets, then became nearly extinct. Mrs. Fournier is part of a group planning to make them popular in this country. She said there are only 40 here now. Staff photo.

## Cute, Lovable Curly-Coats Have Debut In Our Pretty, Lovable Spring Valley

A new breed of dog; Bichon Trifes (meaning in French, "Cute and lovable curly-coat") has made its Spring Valley debut.

Mrs. L. O. Fourner of 1960 Avon Dr., Spring Valley, has two adult females and one adult male, all about five years old, and seven puppies, about seven weeks old. One mother is a French import, as is the father, and the other mother was bred in Milwaukee, Wis. There are only 40 of these dogs in the United States—20 in San Diego county and 20 in Milwaukee.

These Bichon Trifes are the answer to the poodle, Mrs. Fournier said, but better still, they need no trimming, as does the poodle.

History of the animal indicates that they could be from the Maltese family, as they were bred on the island of Teneriffe, which is adjacent to the isle of Malta, in the Mediterranean Sea, where the Maltese were bred.

The Bichons were first brought into the "limelight" in the 16th Century, becoming popular as the dogs of kings. Later on they became so common that they were known as street dogs, running at large in the streets of Paris. Then much later the breed became practically extinct, dog breeders losing track of the breed.

Within the last 11 years, Mrs. Fournier said, a dog enthusiast in Paris learned of the dogs, found several full-blooded pairs and began breeding them again It was only recently that they were imported in this country. Mrs. Fournier came in possession of her dogs through the Silver Bay Kennel Club, which, in the near future plans a dog show, and will display the Bichons.

These French dogs have been written up in a national dog magazine. They are quiet dogs, seldom barking. They are friendly, obedient, and make good pets for children, Mrs. Fournier said. But at the same time, they are good watch dogs, she pointed out.

Mrs. Fournier is the national registrar for the Bichon breed, handling all the stud books for the breeders. She said a corporation is being formed to further the breed.

The pups are now being shipped to various parts of the U. S. at $250 each. "And that is reasonable," Mrs. Fournier said.

"The County Health Department spends approximately $25,000 per year in the investigation of complaints regarding trash, garbage, rats and accumulation of litter in vacant lots, alleys and roadsides. The county will spend approximately $80,000 in picking up over 7,000 tons of litter," he said.

## David Corbin Ordained As Methodist Elder

David Kenneth Corbin, 24, son of Mr. and Mrs. K. R. Corbin, 2015 Pierino Dr., Lemon Grove, was ordained an elder in Redlands, California last week according to Dr. Jordan Detzer, minister of the Lemon Grove Methodist Church. It was one of the largest classes of new ministers in the history of the Methodist church in this area receiving orders.

Corbin, now attending Garrett Seminary at Evanston, Ill., was ordained in ceremonies presided over by Methodist Bishop Gerald Kennedy before a congregation of 2,000. A total of 44 men and two women received orders.

According to Methodist practice the ordination of a minister proceeds by two steps, deacon and elder, separated by two years of "trial" during which period and character and effectiveness of the candidate are considered.

The chief distinction between deacon and elder is the latter's authority to administer the Sacrament of Holy Communion unassisted. A deacon can only assist an elder in the rite, although he can perform the sacrament of baptism.

Corbin is a member of the Lemon Grove Methodist Church and is married to the former Sandra McCorquedale.

**MODERNISTIC CHURCH — This is an architectural drawing of the planned futuristic Lemon Grove First Congregational Church to be constructed on a four-acre site on Glebe st. here. The architect made the design to conform with the philosophy of the church. The buildings in this drawing represent two educational structures, the main sanctuary, friendship hall, administration building and chapel.**

## Congregationalists Plan Unusual, New Church

Construction will begin soon on the new church facilities of the First Congregational Church of Lemon Grove, it has been announced by the pastor, the Reverend E. Walter Smith.

One of the oldest churches in the area, the First Congregational Church has been located at 3194 Main St. since 1891. The new location will be on a four-acre site on Glebe road in Lemon Grove.

According to C. J. Paderewski, AIA, of Pederewski, Mitchell, Dean and Associates, AIA, architects for the new church, the contemporary design of the buildings evolved from the philosophy of the church as described by the pastor. Rev. Smith explained that the sanctuary must reflect the unity of the church family as a family gathered around the table. To best exemplify this, the architect chose a round plan.

**LANDSCAPING INTEGRATED**

To further the feeling of unity, the architects are working closely with the landscape architect, Roy H. Seifert, ASLA. Mr. Seifert has designed a master plan, encompassing an area of four acres, to compliment the functional beauty of the sanctuary and other buildings.

The total master plan of the new church will include two educational buildings, the main sanctuary, friendship hall, administration building and chapel.

The plan will include an area in excess of 24,000 sq. ft. at an estimated cost of $600,000.

The main sanctuary, contemporary in design, will accommodate 450 worshippers. The pews will be designed by the architect and will contribute to the master plan of beauty with purpose.

**CONCRETE SHELL**

The sanctuary will be constructed using a thin shell concrete membrane, much like the now famous dome at the Circle Arts Theatre located on Kearny Mesa. The architects have called upon A. J. Blaylock, of the structural engineering firm of Blaylock and Deardorff, to do the structural design of the buildings. Blaylock also was responsible for the structural design of the Circle Arts Theatre. To aid in the structural design, the San Diego firm of Woodward, Clyde, Sherard and Associates, soil and foundation engineers, will analyze the conditions and properties of the soil on the building site.

Target date for ground breaking ceremonies is the latter part of August.

## Sermon Deals With Obedience To God's Laws

How obedience to the law of God opens the way to freedom will be explained Sunday in the Lesson-Sermon on "God" at all Christian Science church services.

# Big National Horse Race Beginning At Del Mar

DEL MAR — The newly-rebuilt horse show arena on the grounds at the Southern California Exposition and San Diego Fair at Del Mar will provide the setting for this country's biggest National Horse Show when the Fair opens its 10-day run on June 30.

To date there are more than 4,000 entries from all over the United States and Canada registered to take part in 239 different classes in both the Senior and Junior Horse Shows.

"Without reservation, the new arena facilities are the finest in the nation," Mr. Eric Atterbury, manager of the show, stated, "and the remodeling was done with both the best interests of spectators and exhibitors alike in mind."

**JUMPING CLASSES**

Last year the Jumping Classes, which are held under International Federation Rules, drew SRO audiences and promise even more exciting competition this year.

A few of the 1960 Champions which are again entered are "Golden Smog," the Blakiston Ranch, Pasadena; "Van Weider," Encinal Stables, Roseville; and "No Commotion," Lindy Patrick, Pasadena. Among the many noted exhibitors are Mrs. Efrew Zimbalist Jr., with "Hi-Fi" entered in the Open Jumper Class; Dan Daily has entered his polo pony; and Mary Mairs of Pasadena, the 1960 National Equitation Champion of the USA and Jimmy Williams of Flintridge, the 1961 Horseman of the Year both have entries.

The internationally - known judge, Brig. General Humberto Mariles of Mexico City, will judge the jumping classes.

# SV Pony League Top Teams Fight Hard To Stay Up

## 'Red' Keith Hit In Eye During Warmup Period

In close, interesting games of the Spring Valley Pony League baseball this past week, the two leading teams maintained top positions but all was not "smooth sailing."

In the last fracas between the Summers Sporting Goods team and that of the Southwest Trophy, Summers was victor and took number one spot in the League. Both teams then won two each to hold their respective positions.

Sunday the Spring Valley Merchants batted the ball to all corners of the field and when the dust cleared, Summers had lost, 7 to 3 and were then second to Southwest Trophy in the standings.

**"RED" KEITH HURT**

An unfortunate accident happened last Thursday when "Red" Keith, long-time manager and coach of local baseball, and present manager of Summers team, was struck by a ball in a pre-game warm-up. The ball hit his eye, shattering his sunglasses and breaking the skin. He was taken to Grossmont hospital where bits of glass were removed from the eye. It took five stitches to close the cut. He is reported in satisfactory condition.

It will be held at Art's Round-Up at 6323 Imperial ave., Encanto, beginning at 9 p.m. Admission is $1.50 per person. It was reported that all those who attended last year had a very good time and that this year's doings will be even better.

There will also be a get-together July 4 at the field. The schedule for July 4 includes a ladies' ball game (in their sons' uniforms) and a manager's-coach's game. Starting time is 10 a.m.

If you don't know the merchandise. know the merchant, your San Diego Better Business Bureau advises. Look out for phony promotions which lure you into a store with exaggerated claims.
